ARTICLE PROCESSING CHARGE

All articles published by [Baishideng Publishing Group](https://www.wjgnet.com) (*Baishideng*) are selected by an in-house editor and fully peer-reviewed by external reviewers. *Baishideng* applies the Creative Commons Attribution-NonCommercial (CC BY-NC 4.0) license, which permits others to distribute, remix, adapt, build upon this work non-commercially, and license their derivative works on different terms, provided the original work is properly cited and the use is non-commercial. See: <http://creativecommons.org/licenses/by-nc/4.0/>

All *Baishideng* journals are open-access (OA). An *Article Processing Charge* ([APC](#)) for OA publication will be invoiced upon the acceptance of each manuscript and remitted in full by the authors' affiliations or funders to *Baishideng* before publication. The *APC* covers the costs of peer review, copyediting, typesetting, long-term archiving, and journal management.

For unsolicited manuscripts, there are following four levels of *APC*: (1) **Standard *APC***, for general manuscripts; (2) **10% discounted *APC***, for manuscripts contributed by young scholars under 45 years-old; (3) **20% discounted *APC***, for manuscripts that are given rating of scientific significance as AA or AB or BB (A: Excellent; B: Good) by peer reviewers; and (4) **50% discounted *APC***, for manuscripts contributed by a corresponding author who is a member of the editorial board or serves as a peer reviewer for *Baishideng*-published journals. We also provide discounts in line with the [Research4Life programme](#) as follows: Group A countries: *APC* is fully waived; and Group B countries: 50% discount. For invited manuscripts, the *APC* is fully waived.

All *Baishideng* publications' *APC* standards are shown in Table 1. The detailed policy for discounted *APC* can be found at the bottom of the table.

Table 1 Baishideng publications' APC charging standards

¹Standard APC for general (unsolicited) manuscripts.

²If an unsolicited manuscript meets any of the following requirements, the APC will be reduced by 10%: Supported by a fund of national level or above; Having a corresponding author who is a member of an association of national level or above; or, Having a first author who is a young scholar under 45 years-old. Please note, these discounts cannot be combined; if your paper fits one or more of the criteria, the 10% discount will apply solely.

³If the scientific significance of an unsolicited manuscript is rated as AA or AB or BB (A: Excellent; B: Good) by the peer reviewers, the APC will be reduced by 20%. Please note, this discount cannot be combined with any other discount; if your paper fits the requirements for both the 10% discount (detailed above) and the 20% discount (detailed here), the 20% discount will be applied solely.

⁴If an unsolicited manuscript has a corresponding author who is a member of the editorial board or serves as a peer reviewer for Baishideng-published journals, the APC will be reduced by 50%. Please note, these discounts cannot be combined; if your paper fits one or more of the criteria, the 50% discount will apply solely.
